Shepherd Center

FAMILY HOUSING

We know families are apprehensive about sending their loved one far from home for treatment after a traumatic injury. That's why Shepherd Center works hard to ensure that families can stay close by and provide patients with much-needed support, without the added financial burden of hotel costs.

Shepherd Center provides temporary housing at no cost for families who live more than 60 miles from Atlanta. Families may use one apartment for up to 30 days. This time period can be used all at once or occasionally, as needed.

If you will need housing while your loved one is at Shepherd Center, please notify the admissions liaison who is handling your admission to Shepherd Center, or contact our housing coordinator at 404-350-7557.

DAY PROGRAM HOUSING

Patients and their family members in the Spinal Cord Injury Day Program or the Acquired Brain Injury Day Program at Shepherd Pathways may use one apartment at no cost for the duration of the patient's rehabilitation program.
