Medical
(MYHR, Menu OPTION 3)
Shepherd Center will offer two medical plans from which to choose. A brief summary of each plan follows with a comparative chart on page 6.

- Anthem Balance Plan
- Anthem Choice Qualified Health Plan (QHP) with an HSA option

Both plans utilize an Open Access network through Anthem. Both plans provide annual preventive care covered at 100%.

After careful consideration and analysis, we have engaged AmeriBen to be our health plan administrator. AmeriBen will be your one point of contact for help with claims issues, help with tobacco cessation, price transparency, and care management assistance for employees with chronic or acute medical needs.

AmeriBen utilizes the Anthem Network which means your doctor will be “in network” if they take Anthem insurance; however, AmeriBen will serve as your service provider, representing you and your families first.

Contacting AmeriBen
You may contact your AmeriBen Personal Health Advocate at 404.352.MYHR (6947) Menu option 3, 8:00 am – 8:00 pm EST, Monday – Friday.

Please visit www.myameriben.com and register for easy and efficient access to your benefits.

Contact your Advocate:
- For answers about your plan and benefits
- Before any planned medical procedures
- For billing and claims assistance
- To confirm precertification for an upcoming procedure to avoid any possible penalties or surprise billings

With your member portal:
- You can verify coverage
- Request a copy of your ID card
- Check claims status
- Locate a provider
- View lab results, care action plans and health
Preventive Health Care
As previously mentioned, your medical plan covers at 100%, with no cost to you, certain annual preventive care services. Such services are provided during a wellness exam. You and your doctor will determine what tests/health screenings are right for you based on your age, gender, personal health history and current health.

During your wellness exam you may receive services not considered to be preventive care services. For example, your doctor may determine you have a medical issue and additional screenings and tests are conducted after a diagnosis is made. This is no longer considered preventive care and such services will be considered under your plan’s medical benefits.

Flexible Spending Accounts (FSAs)
(MYHR, Menu OPTION 8)
Shepherd Center offers two Flexible Spending Accounts (FSAs), Healthcare FSA and Dependent Care FSA. You do not have to be enrolled in any of the health plans to participate in one or both of the FSA programs. If you are participating in a Health Savings Account (HSA; details on this page), however, you may participate in a limited Healthcare FSA whereby only dental and vision eligible expenses are reimbursed, no healthcare expenses are reimbursed.

The plan year runs for a 12-month period from January 1st ending December 31st. Plan carefully, any leftover funds greater than $640 will be forfeited.

Important Note: Unsubstantiated expenses will be taxable

Healthcare FSA
You may contribute up to $3,200 to your Healthcare FSA for 2024. Calculate carefully what you desire to have withheld pre-tax from your paycheck each pay period. Once determined, this amount cannot be changed. Eligible expenses include:

- Prescription Drugs
- Hearing Aids
- Dental & Orthodontic Charges
- Chiropractors
- Vision Expenses
- Copays, deductibles and coinsurance
- Over-the-counter drugs will require a physician prescription to be covered by your FSA

Please visit www.irs.gov for a complete listing of eligible health and dependent care expenses.

Dependent Care FSA
You may contribute up to $5,000 to your Dependent Care FSA if you are single or married filing jointly. If married filing individually for tax purposes the maximum amount is $2,500. Eligible dependents include children under the age of 13 who are claimed as a dependent for tax purposes and a disabled spouse/child of any age. Eligible dependent care expenses for eligible dependents include day care, after school programs, and day camp.

Health Savings Account (HSA)
(MYHR, Menu OPTION 8)
Our Qualified Health Plan (QHP) is used in conjunction with an HSA and is designed to give you more control over how you manage your health care expenses. As long as you are enrolled in a QHP, you may continue to contribute money into your HSA, pre-tax, up to the maximum IRS limit. This money can be used to pay for eligible expenses including deductibles, coinsurance, prescription drugs, dental and vision expenses, etc.

For 2024, the maximum IRS limits you may defer to your HSA are $4,150 for individual coverage and $8,300 for all other tiers (employee + child, employee + spouse or family coverage). If you are age 55 or older, you may defer an additional $1,000 which is considered a catch-up contribution.
Benefits of Health Savings Accounts

• Triple Tax Savings: (1) pre-tax deferrals from your paycheck; (2) tax-free earnings through optional investments; and, (3) tax-free withdrawals for qualified expenses.
• The money in your account is your money. You may take it with you if you change employers, health plans or retire.
• The funds roll over year to year; there is NO “use it or lose it” rule.
• Funds can also be used for dental and vision expenses.
• Funds can be used for dependent medical expenses even if the dependent is not covered under your health plan.
• Once you qualify for Medicare (A&B), the funds can be used to pay the premium on your Medical supplemental coverage. Once you have secured Medicare, however, you may no longer contribute to your HSA.

Limited Purpose FSA
Shepherd Center provides a Limited Purpose FSA for those contributing to an HSA. This Limited Purpose FSA can be used to pay for eligible out-of-pocket dental and vision expenses. You may contribute up to $3,200 to your Limited Purpose FSA.

The plan year runs for a 12-month period from January 1st ending December 31st. Plan carefully, any leftover funds greater than $640 will be forfeited.

Commuter Benefits
Commuter costs can pile up quickly, especially in a large city like Atlanta. Instead of paying more for your commute to and from work, Shepherd Center has implemented a Commuter Benefits plan to help you save. This Commuter Benefit plan will allow you to set aside pre-tax dollars for qualified bus transit, van pooling and parking expenses.

You can pay your commuter benefits with a debit card provided by Discovery Benefits directly at the time of service. If a transit or parking facility does not accept debit card payments, you can pay out of pocket and submit a reimbursement request through the Discovery Benefits mobile app.

For 2024, the contribution limits for Commuter Benefits as determined by the IRS were:

• Parking $315 / month
• Transit $315 / month

For more information please visit www.wexinc.com
Life & Disability Insurance
Shepherd Center provides the following benefits at no cost to benefit eligible employees who are working 30 hours or more a week.

• Basic Life / Accidental Death & Dismemberment
• Short-term Disability and Long-term Disability

You will also have the opportunity to purchase additional life insurance for you, your spouse and your dependent children.

• 40% of the Life Insurance Benefit at age 70 ($20,000)
• 25% of the Life Insurance Benefit at age 75 ($12,500)

Short-term Disability & Long-term Disability

A disabling injury or illness that keeps you out of work could have a devastating impact on your income and jeopardize your ability to cover normal household expenses. To supplement your income if time away from work due to a non-occupational injury, illness or maternity leave is necessary, Shepherd Center provides Short-term Disability (STD) and Long-term Disability (LTD) for our benefit eligible employees, effective 90 days after hire.

Voluntary Work Site Products

Accident Insurance

Designed to supplement your employer sponsored health coverage, accident insurance pays specific benefit amounts for expenses resulting from covered non work-related injuries and accidents. Benefits are paid in a lump sum, tax-free to you and typically increase with the severity of the accident. Coverage is available for you, your spouse, and/or your children.

This plan includes a wellness benefit of $50 per year for each covered family member when they complete a Health Assessment Test such as your annual physical exam, dental preventive exam, eye exam, osteoporosis screening, and others. Child Health Assessment Test also includes a school or sports physical, child immunizations, concussion screening and others.
Critical Illness Insurance

Group Critical Illness insurance provides cash benefits if you are diagnosed with a covered critical illness, such as cancer, heart attack, or stroke. More importantly, the plan helps you focus on recuperation instead of the costs of medical and personal bills. Cash benefits are paid directly to the insured upon diagnosis of a covered critical illness. Your children age 25 or less are automatically covered at 50% of your benefit election. They should be added during enrollment.

You can choose a benefit of $10,000, $20,000 or $30,000 of coverage. You may purchase Critical Illness for your spouse equal to 50% of the employee coverage.

This plan includes a wellness benefit of $50 per year for each covered family member when they complete a Health Assessment Test such as a stress test, colonoscopy, mammography, pap smear, hepatitis screening, specific blood tests for breast cancer, ovarian cancer, prostate cancer, colon cancer and others.

Hospital Indemnity Insurance

Hospital Indemnity Insurance is designed to help provide financial protection for covered individuals by paying a benefit due to hospitalization. You can use the benefit to meet the out-of-pocket expenses and extra bills that can occur. Indemnity lump sum benefits are paid directly to you based on the amount of coverage listed, regardless of the actual cost of treatment. The option of electing spouse and/or dependent coverage is also available.

What’s included?

- $1,000 for covered hospital admission (one per year)
- $100 for each day of your covered stay, up to 65 days
