eBooks & Apps

Shepherd Center's educational materials and two new mobile apps are available as free downloads on iBooks, the Apple App and Google Play stores (search "Shepherd Center").

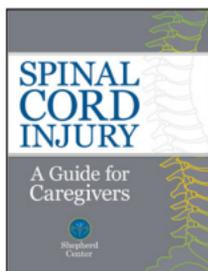

Brain Injury: A Guide for Caregivers

This guide features tips and advice for a patient's loved ones following a brain injury. It includes a glossary of

new terms you may hear in the trauma care setting, as well as a list of online resources.

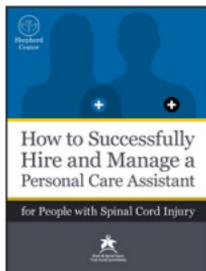

Spinal Cord Injury: A Guide for Caregivers

This guide features tips and advice for a patient's loved ones following a spinal cord injury. It includes a practical

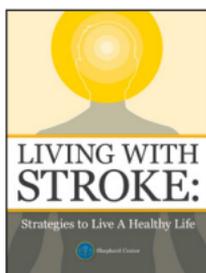

overview of spinal cord injury, a glossary of new terms you may hear and a list of resources.

How to Successfully Hire and Manage a Personal Care Assistant: For People with Spinal Cord Injury

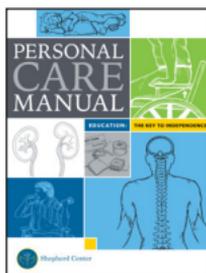

This guide provides practical tips to help people with spinal cord injury through the process of hiring a caregiver, whether privately or through a home care agency.

Living with Stroke: Strategies to Live a Healthy Life

This guide is a resource about stroke awareness, prevention, and how to manage life after a stroke.

Personal Care Manual: The Key to Independence

The manual contains a detailed overview of spinal cord injury and how to manage your bowel and bladder

program, skin, respiratory system and medications.

Mobile Apps

Auto Coach

This app helps parents teach teens how to drive safely.

SCI-Ex

This app helps promote exercise in people living with a spinal cord injury.
